**TRES**

Bronze Sponsors

**we · soda**  
WEST EAST SODA

**TEKSAN**

**EKOS** electric  
beyond current

**smartPulse**

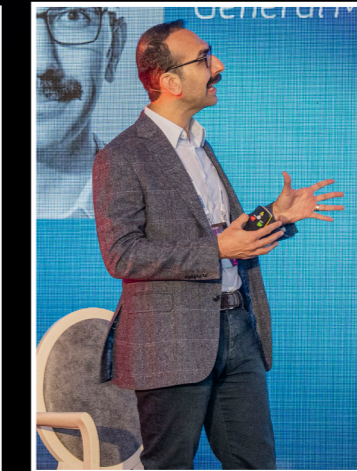

Energy Storage Sponsor

**maxxen**

# Objective

Turkish Cogeneration Association, KOJENTÜRK is an Istanbul-based independent, non-governmental organization founded in 1998. KOJENTÜRK promotes cogeneration applications to sustain an efficient, environmental and secure energy ecosystem through industries.

Eurasia Cogeneration Conference is the Annual Power & Heat Summit of KOJENTURK. The objective of the Conference is to gather all cogeneration users and stakeholders in a unique platform to discuss opportunities and challenges of the sector with all aspects.

# Why Eurasia?

KOJENTÜRK welcomes you to 5<sup>th</sup> Eurasia Cogeneration Conference. The event aims to gather cogeneration users and stakeholders in Türkiye where Asia meets Europe!

Eurasia is the center of the global energy and manufacturing cosmos. Having a huge potential for energy consumers and being a fuel resource hub makes the region an important attraction point for global business cooperations of combined heat and power market.

As a gateway between continents, Turkish industries create massive business opportunities for the whole region in terms of industrial power generation.

Let's meet on 7th November 2025 in Istanbul.

**Secure energy supply, today and tomorrow!**

# Attendance

Attendance to Eurasia Cogeneration Conference is valid for only a limited number of special guests by invitation letter!

Up to 250 invited cogeneration stakeholders are planned to attend the conference in the venue.

In order to request your entrance voucher, please preregister your details now. After you submit preregistration form, you will receive attendance information e-mail to proceed.

Preregister for the event at [www.eurasiacogen.com](http://www.eurasiacogen.com)

# Highlighted Topics

## Trends

- ↻ Data Centers
- ↻ Energy Storage
- ↻ Decentralized Energy
- ↻ Solar Thermal Power
- ↻ Digitalization

## Applications

- ↻ Supply Security
- ↻ Municipalities
- ↻ Energy Efficiency
- ↻ Cogen applications
- ↻ Best Practices

## Legislation

- ↻ Aggregator System
- ↻ CBAM
- ↻ Hybrid Systems
- ↻ Green Deal
- ↻ Heat Market

## Investment

- ↻ Financing
- ↻ Incentives
- ↻ Contract Models
- ↻ ESCO
- ↻ Licencing

# Agenda

8:30 Registration & Breakfast Buffet

---

10:00 Opening

---

10:30 Energy Trends to Guide the Market

---

11:40 Coffee Break

---

11:55 One-on-One: "Energy Challenges in Industry"

---

12:15 Energizing a Mega-City

---

13:05 Lunch Break

---

14:15 One-on-One: "Efficiency by Cogen"

---

14:35 Watts Up with Data Centers?

---

15:35 Coffee Break

---

15:50 One-on-One: "Energy Focus in Industrial Export"

---

16:10 2050: A Decarbonization Odyssey

---

17:10 Closing Ceremony

---

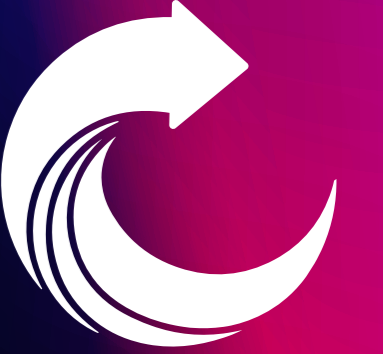

17:30 ECC Gala Cocktail

---
